Product parameters

Series: I100 Curved rail

Color: Ivory, extinction champagne,
extinction blue, Silver white

Technologies: Electrophoresis

Material : JMA aluminum

Thickness : 1.2mm

Rail type: Straight rail, Curved rail (Free bending)

1.1 piece = 1 meter. How many meter you need, just take Corresponding piece. The price for double rail is twice than the single rail.

2. If the purchased quantity is not an integer, we can change the price for you (measurement size * 1 meter unit price = actual price). Less than one meter is counted as one meter.

3. If the rail is more than 2.9 meters, it shall be cutted into two pieces when deliver it, and will give the connectors for connection. It will not affect the use.

4.1 set with two seals, one meter with two mounting codes, eight running beads and two sets of screw rubber plugs

Rail design

Type I design, strong bearing capacity, corrosion resistance, rust resistance, strong and durable.

Surface technology

Jianmei electrophoretic technology, pure color, no fading
The color treatment comes from the Jianmei matte electrophoresis process
The surface is frosted.

on-site bending;

When you bend the rail, it is better to bend the rail at once.

L-type triple code

Installation Method

NO.1

single rail side
mount

NO.2

single rail top
mount

NO.3

double rails
top mount

Size recommendations

Warm tips: any size can be customized, if necessary,
please contact customer service.

01

Reduce 1cm gap at both ends of the whole wall
For example: the whole wall is 380cm, and the total length of rod + ending is 378cm

02

On the basis of the width of the window, there is about 15cm more on each side.
For example: the width of the window is 180cm, and the total length of the rod + ending is about 210cm.

03

It is suggested that one side next to the wall should be provided with sealing and the other side should be equipped with decorative ending, the length of the side with decorative ending is increased by about 15cm.

Tips: the calculation formula of rod length has included the size of decorative ending! (customized products will not be returned or replaced if they are not the quality problems)

Packing & Delivery

Our company

Foshan City Keewo Window Decoration Co., Ltd. was established in 2004, specializing in the production of curtain rods and accessories, curtain tracks, blinds, curtains.
