Product Description

Zebra Curtains, Electric Zebra Curtains, Double Layer Waterproof, Fully Shading

Zebra curtains, also known as soft gauze curtains, rainbow curtains, soft Alice curtains, dimming roller blinds, and sometimes referred to as double layer roller blinds. A type of textile fabric consisting of small pieces of fabric and gauze of equal width woven at intervals, with one end fixed and the other end rolled along the shaft to achieve the goal of adjusting light. When the gauze and gauze overlap, the lines are softer, reducing direct light to some extent. When the curtain and fabric overlap, the light is completely blocked, ultimately achieving the goal of blocking the light. When the curtains need to be fully opened, they can be fully rolled up. Zebra curtains combine the warmth of fabric, the simplicity of rolling curtains, and the dimming function of blinds. This curtain is easy to operate and has a variety of shading forms, completely without obstructing the view. Zebra curtains are an ideal choice for office and home window decorations.
